

# The Science of Happiness

The University of California, Berkeley- USA

**Final Exam due Feb 28, 2021 21:24 +04**

Congratulations on making it to the final exam. We hope it provides an opportunity to revisit some key concepts from the Science of Happiness and reflect on what you have learned.

There are 40 questions on the final exam--a mix of multiple-choice and checkbox questions--each worth one point. These 40 questions span the entire eight weeks of course material, though they focus more on material from the second half of the course (post-midterm).

Thank you for checking in. Your score is 60. Please note this number, press the Next button to the bottom right, then scroll down and enter your score into the Check-in Results box on edX, then press Submit.

## Congratulations!
